Dublin Integrated Education Center
Room 214
6805 Bobcat Way, Dublin, Ohio 43016
September 18, 2025
1:00 pm-4:15 pm
3 hours continuing education (CEs)

Program Description

Join us for a 3-hour interactive ethics training designed for clinicians. Participants will explore ethical decision-making models, apply to real-world scenarios including but not limited to the NASW Code of Ethics, and strengthen ethical judgment through discussion and role-play. The session also highlights institutional supports available to employees navigating complex situations. Come ready to engage, reflect, and grow in ethical practice.

What you will learn:

By the end of this learning activity the clinician will be able to:

1. Discuss ethical decision-making models and apply them to realistic ethical dilemmas;
2. Increase ethical knowledge by reviewing the ethical issues and seeking guidance using examples including but not limited to the NASW Code of Ethics and agency policies;
3. Improve ethical judgment through discussion of real-life complex ethical issues in a variety of settings and role-play;
4. Describe institutional support for an employee facing an ethical dilemma.
